

PURA VIDA GRINDS

The Pura Vida Grinds story starts with 2 people who were searching for something more from life and found each other, creating an unstoppable team that was ready to take on life and business together.

Angela Vannett was previously an Office Manager of a tax & accounting firm with strong communication skills and Robert Lobo was a District Manager at T-Mobile, which taught him many things when it came to running a business. Sampling double shots of espresso became a passion of theirs and they knew, without a doubt, Costa Rican coffee beans were by far the best around. They were convinced that they needed to bring the taste and culture of PURA VIDA to Arizona and share it with as many people as possible through their coffee.

Pura Vida Grinds is a mobile coffee business that proudly serves gourmet Costa Rican coffee and specialty handcrafted drinks on location. The coffee beans are all single origin and imported direct from a small farm in Costa Rica. This classy trailer is a full service espresso bar offering all the classics you get at your favorite coffee spot and more!

When the trailer isn't out catering or at an event, it is parked at the Pura Vida Grinds Headquarters location in Mesa, AZ. The shop is open to the public and a great place to stop in for a drink to-go or a bag of imported coffee beans to enjoy at home.
